

**Here are few updates and some general information about the Medical Centre and the team working here...**

Each year, Tadcaster Town Council considers nominations put forward either by members of the public or members of the Council for a Town Council Merit Award Certificate.

We would like to thank Tadcaster Town Council for the Certificate of Appreciation that was awarded to the team at the Medical Centre in recognition of services rendered to the community of Tadcaster and the local area by all the doctors, nurses and staff members.

### **Saturday morning surgery**

Please be aware that whilst the surgery is open on a Saturday morning, it is only open for a limited service. The receptionist on duty will not be able to book any appointments or issue any prescriptions on the day, any queries presented at this time will be actioned on the following Monday.

### **Tadcaster Flood Alleviation Scheme**

As you will remember we were severely impacted by flooding in both 2015 and 2022. We would like to encourage all our patients to log their support for the FAS with Selby Council.

The easiest way to show your support is to send an email to the Planning Authority, make a short comment that you SUPPORT the scheme and include the following in the email.

- Your name and address
- Application number **ZG2024/1144/EIA**
- Comment that you support the building of the FAS for Tadcaster. Feel free to share your views.
- Send to [planningcomments.sel@northyorks.gov.uk](mailto:planningcomments.sel@northyorks.gov.uk)

### Parking at the front of the surgery

We have had a few issues with patients parking on the double yellow lines at the front of the surgery and in front of the doctors parking spots.

Parking on the double yellows (especially the ones on the bend outside the Health Centre next door) can prevent buses from turning the corner which means they have to wait for the parked car to move.

The area in front of the doctors parking spots needs to be always kept clear as the GPs need to be able to access their vehicles so they can get out on their visits to patients.

### Facebook

Our Facebook page now has nearly 600 followers! If you would like to keep up with the latest news and updates from the surgery and the NHS, as well as information concerning other services within the local and wider community that may affect our patients, please check out the page!

Please be aware any comments/posts that contain rude or offensive language will be removed. If you leave a comment or send us a message, we will aim to respond to you within 2 working days.

### Christmas

We will be closing for Christmas at 6pm on Tuesday 24<sup>th</sup> December and will reopen at 8.30am on Friday 27<sup>th</sup>. We will then close again on Tuesday 31<sup>st</sup> December at 6pm and will reopen at 8.30am on Thursday 2<sup>nd</sup> January.

**If you require medical assistance when the surgery is closed, you can contact 111 either by phone or by visiting NHS 111 online. Out-of-hours services are generally busy so please think carefully before calling and only do so if you cannot wait until the surgery re-opens. In a genuine emergency you should call 999.**

**A Merry Christmas and happy and healthy New Year from all at Tadcaster Medical Centre. Thanks for all your kindness and consideration to our hard-working staff over the past year.**
